In this economy...

Knowing a great painting company helps! Here are a couple ideas to save you time & money this painting season.

SHERWIN-WILLIAMS

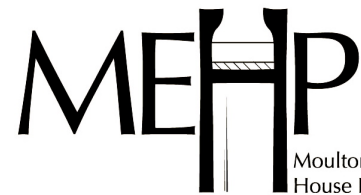

Just a reminder... to all our customers who have received exterior work in the past.

In May 2009, we will begin our annual inspections and reporting. Beau will be in touch to schedule those individually with you.

If there are any new painting projects you'd like us to quote and/or look at, now is a good time to let us know. That way we can combine our visit and be more economical.

HAVE MEHP PAY FOR YOUR NEXT PAINTING PROJECT

Earn a \$100 MEHP credit, each time you refer a prospective customer to our company. Earn as many as you want and apply those credits to a project you'd like to have done. Maybe re-coat those decks or power-wash your home. These credits do not expire and can be redeemed for any MEHP service that we offer. Find a complete listing of our services online at www.moultonenterprises.com This special offer is in response to the terrific referrals we've had from our customers and it's one way we're saying thank-you!

Moulton Enterprises
House Painting, LLC

HAVE YOU THOUGHT ABOUT DOING THE PAINTING YOURSELF?

How much is your time worth? If you're already short on time and you make more than \$25 an hour, you should seriously consider hiring MEHP. However, if you could use another summer project or you just can't afford to spend the money this year but you know painting needs to get done to maintain your home or office, than consider a do-it-yourself consultation.

A do-it-yourself consultation will teach you the correct approach and preparation, valuable techniques and professional products that will save you time, energy and money.

WE APPRECIATE YOUR BUSINESS!
