It's official.., You're Awesome Customers!

After 5 years in business, we know that the majority of our revenue is from repeat customers.

It comes from you! MEHP has made some cool changes to our business plan and some big financial decisions this year. Both of which benefit you, the customer, in a Very positive way.

Repeat business, personal origination and referrals Our three biggest sources of revenue, also some of our

less expensive marketing mediums make this business decision a no-brainer! "Stop the less effective, more expensive

marketing, pass those savings onto our existing customers and amaze them with our professional painting services."

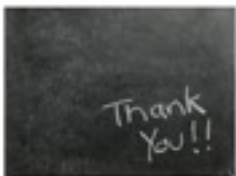

Reduced Overhead Starting January 2011, our new Lower Overhead Cost reduces your bottom line by more than 10%! And our consolidated and dynamic team of painters are highly efficient, smart, safe and professional. Making every contract a smooth, confident and pleasant transaction.

Less Impact You can count on MEHP to approach each project with careful consideration for the health of you and your family, other trades, our staff, and the environment. Using always the lowest v.o.c. products available and delivering superior quality workmanship.

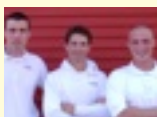

We Care about your house as much as you do. And we treat your home like it's our home especially when it comes to cost effectiveness, quality and value.

Happy Holidays!

"Quality is never an accident. It is always the result of high intention, sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives." Willa A. Foster
